PROFILE

Experienced Sr. UX Designer with 20 years of expertise in web design and development. I have successfully managed enterprise-level projects, led UX design teams, and created and maintained high-level design artifacts and design systems for e-commerce platforms. My background includes redesigning enterprise commerce admin dashboards and CSR systems, as well as migrating and rebuilding multiple brands onto new platforms. With a Bachelor of Arts in Interactive Media Design, I am well-versed in Agile methodology and possess a keen eye for graphic design, video production and photography.
